SUMMARY

Hi I'm Vadim, I'm a React Developer with 2+ years of experience in my field, and I'm open to being highly successful and self-developing, usually collaborating with UX and design teams to plan the technical writing and execution of functional features for websites and applications. I've gained experience in building multi-platform websites using Responsive Web Design/React, and I've also had the chance to gain experience in TypeScript, JavaScript, Nodejs, Java Spring Boot and work on different kinds of projects.
